PROFESSIONAL SUMMARY

I am a dynamic Frontend Developer with a solid foundation in HTML, CSS, JavaScript, TypeScript, Vue.js, Nuxt.js, and TailwindCSS. My experience includes developing and optimizing high-performance web applications, ensuring seamless user experiences. Alongside my technical expertise, I bring proven leadership skills gained through managing businesses, including large-scale farms, where I led teams and drove operational growth. Additionally, I have hands-on experience in Social Media Management, overseeing digital campaigns and strategies that enhance brand visibility and engagement. As a Mechanical Engineering graduate, I bring a problem-solving mindset and a multidisciplinary approach to my work. I am passionate about leveraging my diverse skill set to contribute to innovative teams that aim to create impactful digital experiences.
